

# 4-Slot Desktop Cradle

## CipherLab RS50

The 4-Slot Desktop Cradles are the perfect solution for charging and storing your CipherLab RS50 devices in an office, warehouse or industrial environment.

It charges up to four CipherLab RS50 devices, so that they are always ready to use at any given time. The cradle has a robust, compact design that can be placed on almost any desk or workstation.

Each cradle is easily removable from the 4-Slot Desktop Base, thanks to the integrated 2T slots locking mechanism and the cradle cables with molex connectors. Making them easy to service and interchange.

It's the essential accessory for every professional who use their CipherLab RS50 daily in the most demanding environments.
